Introduction

The Madras Institute of Development studies was founded in January 1971 as a trust by Dr. Malcolm S. Adiseshiah and Mrs. Elizabeth Adiseshiah with a four-fold objective:

To undertake studies and research pertaining to development problems with special reference to the agro-rural aspects of Tamil Nadu and the problems of the economically and socially backward sections of the population throughout the country;

To conduct seminars and conferences on development problems and programmes of the State;

To foster inter-university cooperation among the social scientists of the universities of the four southern states and to promote interdisciplinary research; and

To bring out publications relating to the above three functions.

During 1976 the Government of India through the Indian Council of Social Science Research, New Delhi, sent a mission headed by Prof. D. T. Lakdawala to study the possibility of developing the Institute into a National Institute of Social Science Research. On the basis of the recommendations of the mission the Institute was reconstituted as a National Institute in March 1977 under the joint sponsorship of the Government of India through the Indian Council of Social Science Research and the Government of Tamil Nadu with a Governing Council comprising representatives of the ICSSR and State Government and of the universities of the four southern States, the original trustees of the Institute and co-opted social scientists. The trustees gifted to the reconstituted National Institute its land and building, its library, furniture and equipment and a cash endowment.

Dr. Malcolm S. Adiseshiah served as the Director of the Institute from its inception till June 1978. Dr. C. T. Kurien took up charge as Director of the reconstituted institute in July 1978.

Changes in the Governing Council

There have been some changes in the membership of the Governing Council after the meeting held in August 1983. Mr. C. Ramachandran who became Finance Secretary of the Government of Tamil Nadu has taken the place of Mr. K. J. M. Shetty. The term of Prof. G. Ram Reddy and Prof. Balwanth Reddy as representatives of the Indian Council of Social Science Research came to an end. In their place the ICSSR has nominated Prof. B. Sarveswara Rao and Prof. I. S. Gulati. Mr. T. R. Ramaswami who was appointed as a trustee of the Institute in 1983 has also become a member of the Governing Council according to the amended Trust Deed. (*Appendix I* gives the names of members of the Governing Council).

After the ICSSR and the Government of Tamil Nadu gave their consent to the amendments to the Trust Deed as approved by the Governing Council at its meeting in August 1982, the amended Trust Deed was registered at the Office of the sub-Registrar, Adyar, on 4-6-1984.

Faculty

During the period July 1983 to June 1984 the faculty of the Institute consisted of 2 Professors/Senior Fellows (including the Director), 5 Fellows, 5 Research Associates, 2 Research Assistants and 2 Honorary Professors. This is about the total number that the Institute had planned to have towards the end of the Sixth Five Year Plan. The composition, however, is somewhat different from what was intended earlier. The number of Professors is considerably less than what was provided for and the number of Fellows and Associates is larger. In this sense the Institute has a relatively young faculty. (A list of the faculty and other members of the Institute is given in *Appendix II*).

Although Dr. Malcolm S. Adiseshiah's term as a member of the Rajya Sabha ended in April 1984, he continues to be involved with many public activities. He is the Chairman of a number of educational institutions including the International Institute for Educational Planning, Paris as well as the recently set up Tamil Nadu State Council for Science and Technology. He also heads the Calicut and Kerala University's Enquiry Commission. As in previous years Dr. Adiseshiah has continued to edit the *Bulletin* and to write its detailed editorial notes every month. The Mid—Year Review of the Economy that Dr. Adiseshiah has been writing in the past years has come to be

noted as a unique contribution. During 1983-84 Dr. Adiseshiah delivered many invited public lectures and took an active part in the discussions pertaining to the formulation of the Seventh Five Year Plan. Prof. R. N. Poduval served as Chairman of the Committee set up by the Ministry of Agriculture, Government of India to review the working of the Agro—Economic Research Centres in the Country. The Committee under his chairmanship has prepared a report in two parts, the first part consisting of an overall report of the Agro—Economic Research Centres and the second part dealing with individual centres. As Consultant to the Food and Agricultural Organisation of the United Nations, Prof. Poduval prepared a paper on "Emerging Food and Agricultural Situation in the Arab Region". He continues his major work on the Food Economy of Tamil Nadu and has contributed a chapter on that subject to the book on "The Tamil Nadu Economy".

Mr. S. Guhan is another public figure in the faculty of the Institute. He contributed one of the lead papers for the seminar on "Centre—State Relations" held by the Karnataka State Planning Council in Bangalore in August 1983 and actively participated in a seminar on the same subject organised by the Tamil Nadu Academy of Political Science in Madras in January 1984. He also chaired a Working Group on Social Security in India of the Economic Administrative Reforms Commission and prepared a detailed report on the subject. He visited Western Samoa for an evaluation of the Development Bank of that country on behalf of the Asian Development Bank. He has also been continuing the resurvey of the "Slater Villages". The two papers he has written relating to Iruvelpattu and Palakurichi have been highly commended by researchers specialising in village studies. He has completed two chapters for the book on "The Tamil Nadu Economy", one on Health and the other on Irrigation.

Dr. U. Kalpagam wrote a paper on "Labour Market Segmentation in a Multi-structural context and its implications on the female labour force" which was presented at the Second National Conference on Women's studies in Trivandrum in April and has also been brought out as Working Paper No. 44 of the Institute. Subsequently, it has been accepted for publication in *Labour, Capital and Society*. A revised version of her Popular Series paper "Women and Urban Poverty" has been accepted for publication in *Bulletin of Concerned Asian Scholars*.

Dr. Kalpagam has continued her work on "Occupational Structure—Employment in Tamil Nadu", part of which is to form a chapter in the book on "The Tamil Nadu Economy". She participated in the Southern Regional Workshop on "Women Studies" in Bangalore in October. Dr. Nasir Tyabji has completed a chapter on "Small Scale Cottage and Village Industries" for the book on "The Tamil Nadu Economy". He has also done some preliminary work on "Technological Innovation with reference to the Machine Tool Industry in Tamil Nadu" from the early part of 1984. He has done preparatory work for the study of the Match Industry in Sivakasi and is currently directing that study. Dr. K. Nagaraj's major work during the year has been on a "Comparative Analysis of Urbanisation in Andhra Pradesh, Karnataka and Tamil Nadu". He has been invited to present a paper for the Indo-Soviet Symposium on Urbanisation to be held later this year in the Osmania University, Hyderabad, for which he has submitted a paper. He has been working on two chapters for the book on "The Tamil Nadu Economy", on Demography and on Housing and Slums. Mr. Nirmal Sengupta completed his Ph.D. thesis and submitted it to the Indian Statistical Institute, Calcutta in February. He was directing a study on Contract Labour in the Steel Region (Rourkela). The report of the study has been completed. Another major project on which he was working was on "Peasants Movements in Bihar" which is expected to be completed in August 1984. Mr. Sengupta participated in some national seminars and also presented a paper at the International Seminar on "Community Responses to Irrigation" held in Bangalore in January. Mr. S. Subramanian who was a Visiting Fellow in the Institute joined the faculty of the Institute as Fellow in February. Mr. Subramanian has been doing some work in the "Theory of Social Choice" and two of his papers have been accepted for publication in *Economics Letters*. Another paper that he wrote was on "Production Risks and the Choice of Mode of Tenancy". He has also been working on the chapter on "Inequality and Poverty" for the book on "The Tamil Nadu Economy"

Dr. S. Majumdar wrote a paper on "Migration into Urban Areas : Some Issues" for the Fourteenth Interdisciplinary Research Methodology Workshop held in Madras in June. He has attempted an ethno-economic study of Sikkim which remains incomplete and has also been involved with the study of Trade

and Markets. Dr. Padmini Swaminathan has completed her studies on the "Structural Aspects of Indian Industry" and has taken up the study of some major business houses in Tamil Nadu. Dr. P. Radhakrishnan's study of "Land Reforms and Social Change in a Kerala Village" was published in the *Economic and Political Weekly*. He presented a short paper on "Criteria for Determining Backward Classes" at a seminar organised by the Tamil Nadu Backward Classes Commission in Madurai in September and another paper on "Implementation of Land Reforms in Tamil Nadu" at a seminar organised by the Asian Institute for Rural Development, Bangalore. Dr. Radhakrishnan has completed the archival work on "State Policy towards Backward Classes". He expects to have some papers based on the study in the next few months. Mr. V. K. Ramachandran presented a paper on "Irrigated Agriculture and Irrigation Labour: A study of Cumbum Valley, Madurai District, with particular reference to Gokilapuram Village" at the International Conference on "Community Responses to Irrigation" held in Bangalore in January. He continues to work on his Ph.D. thesis on "Agricultural Labour in the Cumbum Valley". Mr. K. Bharathan has been working on the chapter on Industrial Development for the book on "The Tamil Nadu Economy." He was also associated with Mr. Guhan in the study of Dusi Village concentrating on the weaver households in that village. His Ph.D. research on the Cotton Handloom Industry in Tamil Nadu is continuing.

Mr. V. Chandrasekara Naidu completed a paper on "The National Sample Surveys Data on Household Consumer Expenditure: A Critique" which appeared as Working Paper No. 43 of the Institute. He contributed a paper on "The New Three-Year Pattern of Adult Literacy and Scheduled Castes" to the annual Conference of the Tamil Nadu Board of Continuing Education and State Resource Centre held in Madras in October. He has completed the Part I Examination of his Ph. D. work and has been preparing a review paper on "Factors affecting the Incidence of Poverty". Mr. C. Annadurai has registered for Ph. D. and has been reviewing the literature on the Public Distribution System of food-grains and essential commodities towards his research. He continues to be associated with Dr. Poduval's work on "The Food Economy of Tamil Nadu". He has helped in the Tamil translation of Dynamics of Rural Transformation and has been associated with the translation into Tamil of technical terms in Economics and

Commerce for the Encyclopaedia Centre of the Tamil University.

Apart from directing the evaluation of the Adult Education Programme in the State, Mr. K. Ramakrishnan wrote a paper on "Education in Tamil Nadu" which was presented at the June Monthly Seminar and which forms the basis of his contribution to the book on "The Tamil Nadu Economy". He participated in the seminar of Key level functionaries in Adult Education in Delhi organised by the Directorate of Adult Education and the National Institute of Educational Planning and Administration. He was also one of the invitees to the workshop on "Science ond Technology for Women" jointly organised by Department of Science and Technology, Rajasthan and the Institute of Development Studies, Jaipur.

Dr. C. T. Kurien made a survey of Teaching and Research in Economics in South India and presented a review paper based on it at the Thirteenth Meeting of Social Scientists in South India in December. His paper on "Agriculture in Tamil Nadu 1950-80" meant for the book on "The Tamil Nadu Economy" was presented at the Monthly Seminar in February. As a member of the Panel of Economists of the National Planning Commission, he took part in the discussions on the Mid-term Appraisal of the Sixth Plan and on the approach to the Seventh Plan. He was also a member of the Planning Commission's Committee on District Level Planning. He served on the Panel of Experts of the World Food Council of the United Nations which produced the report on "The World Food and Hunger Problem : Changing Perspectives and Possibilities". He presented a paper at the Silver Jubilee National Seminar of the Institute on Economic Growth in April and chaired one of the sessions of the All-India seminar on "Marx, Keynes and Schumpeter" in January. (A list of papers written by members of the faculty is given in *Appendix III*)

Supporting Staff

Mr. M. Krishnamoorthy who joined as the Administrative officer of this Institute in March 1983 had to leave the post in April 1984 because of ill-health. During the short period he was with the Institute, he had made a major contribution to improve the administiative procedures of the Institute. In his place Mr. E.K. Jagannathan who was Office and Accounts Manager was appointed as Administrat ve Officer in April 1984.

Mr. N. M. Periyanayagam was recruited for the post of Office and Accounts Manager and joined the Institute in July 1984.

Ph. D. Programme

The Ph. D. programme of the Institute has turned out to be one of its major activities. During 1983-84 there were altogether 16 persons who had registered for their Ph. D. through the Institute. These consisted of 10 full-time scholars, 4 members of the faculty who have registered as part-time Ph. D. candidates and 2 external candidates both teachers from affiliated colleges who had also registered through the Institute as part-time candidates. The first full-time Ph. D. scholar of the Institute, Mr. V. K. Ramachandran joined the programme in July 1979. He became a member of the faculty in April 1983 and continues to work on his Ph.D. thesis. Miss. P. Usha and Mr. S. Janakarajan who joined the programme in December 1979, both left the Institute during the course of this year. Miss. P. Usha after submitting her Ph. D. thesis in April 1984 and Mr. S. Janakarajan in June 1984 after completing 4½ years of scholarship but without completing the Ph. D. thesis. Mr. M. S. S. Pandian joined the programme in December 1980 and has made good progress in his work and expects to complete the Ph. D. thesis by mid 1985. Mrs. Kala Ela who joined the programme in January 1982 continues to work on "Industrialisation of Salem District". Mr. J. Selvaretnam who joined the programme in 1982 completed Part I Examination this year and has turned to his fieldwork in Kanyakumari District. Mr. J. Jeyaranjan who joined the programme in January 1983 has also taken the Part I Examination. All these scholars held ICSSR fellowships (Mr. V.K. Ramachandran held a fellowship from the Institute till he joined the faculty). Two persons who have been selected for the Ph.D. programme in the current year on the ICSSR fellowship are Mr. Edwin Innocent and Mr. K. T. Thomson who joined the programme in February and March respectively. Apart from these full-time Ph.D. scholars on fellowships, there are two non-stipendary full-time Ph.D. scholars, both on leave of absence from the Indian Economic Service, Miss. S. Rohini who joined the programme in March 1982 and Mr. M. N. Sivasubramanian who joined the Programme in June 1983. Miss. Rohini has completed her Part I Examination and is now conducting her field studies. Mr. Sivasubramanian also took the Part I Examination and has now started working on his thesis.

The faculty members doing Ph.D. programme are (apart from Mr. V. K. Ramachandran) Mr. K. Bharathan and Mr. V. Chandrasekara Naidu both of whom registered for the programme in August 1981 and Mr. C. Annadurai whose registration took place in February 1984. The two external candidates, both of whom were working under Dr. C. T. Kurien's supervision even before he came to the Institute are Mr. Josef James of the Madras Christian College and Mr. Mohamed Dhaha of the Abdul Hakeem College. Mr. James had submitted his thesis in May 1982. The Viva Voce examination was held in July 1984 and the thesis has been accepted for the award of the Ph.D. degree.

Short-term Internship Programme

The Short-term Internship programme which was approved by the Governing Council in 1982 was launched with the recruitment of the following interns in January 1983

Ms. Prema Rajagopalan — "A study on Laundry services in the city"

Ms. Rukmani — "Slums of Madras city"

Ms. Nalini — "Share of wages in the Industrial Product of Tamil Nadu".

The work of the interns took longer than the 9 months they were given. Ms. Prema Rajagopalan's report has come out as one of the publications of the Institute. Ms. Rukmani completed her work in July 1984 and the report is yet to be processed. Ms. Nalini joined the Indian Economic Service before she could complete the work, but has promised to finish it as early as possible. An evaluation of the Internship Programme will be made after all reports are completed and examined. The financial position of the Institute may not permit the Internship Programme to be taken up again except on a very limited basis.

Projects

Adult Education Evaluation Project

The work of the Adult Education Evaluation Unit has continued in 1983-84 also. During this period, the final report appraising the Adult Education Programme is of the Universities/Colleges in the State was completed and forwarded to the Union Ministry of Education. The longitudinal study of

selected Adult Education Centres was also completed. The analysis of data gathered during that study has been completed and the report is expected soon. No new project was started during this year consequent to a decision at a meeting of the evaluating agencies to shift from appraisal studies to specific in-depth studies.

Social Forestry Project

The Institute's involvement in the Social Forestry Project came to an end with the completion of Round II of Phase III, of which the report was submitted in September 1983.

Sivakasi Match Industry Study

The Project for the study of the Match Industry in Sivakasi has been taken up at the invitation of the Ministry of Labour, Government of India. The study was sanctioned in January 1984 and was launched in mid June 1984 after making a survey of existing literature and recruiting personnel. The duration of the project is 8 months. The study will examine the technology of manufacture, raw material purchased and marketing of the "middle" and "tiny" sector match units. It will also assess the labour cost and the percentage of total labour cost accounted for by child labour. The study will also enquire into the social and economic background of the households supplying child labour and try to estimate the contribution that children's earnings make to the total earnings of such households.

Seminars and Related Activities

Monthly Seminars

In 1983 the Monthly Seminars had, as their main theme the role of voluntary agencies in development. The Monthly Seminars in 1984 have been discussing material being prepared for the book on the Tamil Nadu Economy—Agriculture in February, Small Scale and Village Industries in April, Education in June and Occupational Patterns in July. In January, as usual, there was an overall review of the State of Tamil Nadu Economy and in March the paper was on the Central Budget for the current year. (A list of monthly seminars held during the period is given in *Appendix IVa*).

Meeting of Ph. D. scholars and Guides

The annual meeting of Ph.D. scholars and guides from different Universities and Colleges

in Tamil Nadu was held in April. Twenty four research scholars attended the Workshop: 14 of these were from the Departments of Economics from the different Universities in the State, and the rest were from the Institute. Ten Ph.D. guides from different universities also participated in the workshop.

The Workshop, with 15 sessions spread over the four days, had three components :

1. Special lectures by resource persons,
2. group discussions, and
3. individual discussions between the research scholars and resource persons.

The following special lectures were held in the workshop :

1. Sample Designing for Small—scale Investigations by Dr. M. N. Murthy of Statistical Institute for Asia and Pacific United Nations ;
2. Problem Areas for Research in Agriculture by Prof. A. Vaidyanathan of Centre for Development Studies, Trivandrum ;
3. Regression Analysis by Dr. Chandan Mukherjee of Centre for Development Studies, Trivandrum ;
4. Computer Processing of Survey Data by Dr. Chandan Mukherjee ; and
5. A Method for the Study of a specific Industry : A case study of Cotton Textile Industry in India by Dr. C. P. Chandrasekhar, Executive Editor, The Printers (Mysore) Limited.

A general session on the last day of the workshop was devoted to an assessment of the workshop by scholars and others ; and for suggestions for its improvement for follow-up actions.

Special Seminars

Under the joint auspices of the Institute and the Institute for Financial Management and Research a special seminar was held in February to discuss the Economic Advisory Council's proposal on Decentralised Planning. A second discussion on this subject was organised in the Institute in July when Dr. K. N. Raj, Member Economic Advisory Council was also present. These seminars were attended by officials of the

State Government, and members of the State Planning Commission apart from scholars from the two Institutes and other academics.

Special seminars were also conducted by visiting scholars and members of the Institute. (*See Appendix IV b*)

Publications

The following papers based on work done in the Institute were produced during the year.

Working Papers

— Working Paper No. 35

Some Reflections on Economics and its Theoretical Antecedents

or

Some unrecorded Adventures of Alice in Wonderland—S. Subramanian (June 1983)

— Working Paper No. 36

A Study of Production Concentration in Indian Industry—Statistical Analysis of Structure—Padmini Swaminathan (September 1983)

— Working Paper No. 37

Mid Year Review of the Economy 1983—Malcolm S. Adiseshiah (September 1983)

— Working Paper No. 38

and

— Working Paper No. 39

The Special Bearer Bonds Scheme: Pedigree and Prospects—K. Bharathan (September 1983) Some implications of the Special Bearer Bonds Scheme: An application of elementary Supply—Demand Analysis — S. Subramanian (September 1983)

— Working Paper No. 40

production Risks and the Choice of Mode of Tenancy: A Theoretical Note—S. Subramanian (September 1983)

— Working Paper No. 41

Paretianism, Justice and Liberalism in the Theory of Social Choice—S. Subramanian (September 1983)

— Working Paper No. 42

Palakurichi: A Resurvey—S. Guhan (November 1983)

— Working Paper No. 43

National Sample Surveys data on Household Consumer Expenditure—A Critique — V. Chandrasekara Naidu (November 1983)

— Working Paper No. 44

Labour Market Segmentation in a Multi — structural context and its implications on the Female Labour Force—U. Kalpagam (November 1983)

— Working Paper No. 45

Concentration in Productive capacity—Padmini Swaminathan (December 1983)

— Working Paper No. 46

The Leather Industry in Tamil Nadu—Its role and some aspects of its transformation during 1960 to 1978-79 as seen through the annual survey of industries—P. Usha (April 1984)

— Working Paper No. 47

A study of the Cumbum Valley, Madurai District with particular reference to Gokilapuram Village—V. K. Ramachandran (April 1984)

— Working Paper No. 48

Famines, Epidemics and Mortality in South India during the Nineteenth century : The demographic Crisis of 1876-1878—A reappraisal — Roland Lardinois (April 1984)

— Working Paper No. 49

Irrigation in Tamil Nadu—A Survey—S. Guhan (June 1984)

Popular Series

Popular Series No. 5

Women & Urban Poverty—Issues from case studies of three families—U. Kalpagam (November 1983)

Interns Report

Interns Report No. 2

The Changing Complexion of a Caste Occupation in an Urban context—Laundry Service in Madras city—Prema Rajagopalan (May 1984)

Occasional Papers

"Urban Problems—"Ratna Naidu et al (Dec. 1983)

The *Bulletin-Madras Development Seminar Series* has been appearing regularly every month.

Arrangements have been made with Cre-A for the publication of Mr. S. Guhan's Paper: "Growth, Inequalities and Poverty in Tamil Nadu. (Popular Series No. 4) both in English and Tamil. A second edition of *Guide to Research in Economics* (ed.) C. T. Kurien has also been arranged for at the request of M/s Rainbow Publications, Coimbatore to bring out a new edition of the book.

Inter University Cooperation

Thirteenth Meeting of Social Scientists

The Thirteenth Meeting of Social Scientists from the Southern States was held at the Institute on Saturday, 10th and Sunday, 11th December, 1983. The meeting jointly sponsored by the Institute and the Southern Regional Centre of the ICSSR was attended by 20 participants drawn from 8 disciplines in the Social Sciences (Area Studies, Anthropology, Commerce, Economics, Education, Law, Political Science and Sociology) representing the following Universities and Institutions: Andhra University, Calicut University, Hyderabad University, Kerala University, Madras University, Madurai-Kamaraj University, Mangalore University, Mysore University, Nagarjuna University, Sri Venkateswara University, Loyola College (Autonomous), Asian Institute of Development and Entrepreneurship, Cochin, Centre for Development Studies, Trivandrum, ICSSR Southern Regional Centre and Madras Institute of Development Studies.

Apart from the usual presentations about the activities in the Departments or Institutions of the participants, the meeting had three items on the agenda. The first was the Review Paper on Teaching and Research in Economics in South India prepared by Dr. C. T Kurien. There was also a survey of the Ph.D. programme in Social Sciences in South Indian Universities prepared by Prof, B. A. V. Sharma, Honorary Director, ICSSR Southern Regional Centre and Mr. P. Satyanarayana, Deputy Director. This survey covered the 20 Universities in the Southern Region and the 202 Social Science Departments in them. It consisted of two parts, the first part dealing with rules and regulations of the Ph.D. programmes in the different Universities and the second part with the major findings of the survey. One of the major findings was the rapid increase in the number of Ph.Ds. awarded in recent years. It would appear that there were only 7 Ph.Ds awarded before 1950, 14 between 1951 and 1960, 110 between 1961 and 1970, 481

between 1971 and 1980 and 319 in the two years from 1981 to 1983. There were 97 Ph.D. awards for which the dates could not be ascertained bringing the total to 1028. On a regional basis Andhra Pradesh led with 349 Ph.Ds. and Tamil Nadu came second with 246. Karnataka accounted for 210 and Kerala for 178. On the basis of disciplines, Political Sciences and Public Administration with 148 Ph.Ds. took the first place followed by Economics, Applied Economics and Econometrics with 136 and Psychology being a close third with 135 Ph.Ds. It was also decided that in order to consider rules and regulations governing the Ph.D. programme, a meeting consisting of selected Vice-Chancellors, and Deans of Social Sciences, Ph.D. supervisors, Ph.D. scholars, Agencies giving Ph.D. scholarships and others interested in the Ph.D. programme should be held sometime in 1984. The ICSSR Southern Regional Centre was requested to convene such a meeting in cooperation with the ICSSR and the University Grants Commission.

Fourteenth Census of Social Science Research

For the fifth year in succession the Census of Social Science Research conducted by the Institute attempted to canvass information from all universities and major research institutions in South India. In Tamil Nadu alone an attempt was made to reach colleges offering post-graduate courses in Social Sciences and where research in M.Phil and Ph.D. was being done. The total number of entries recorded this year was 422 which was less than last year's record number of 470 and 456 recorded in the Twelfth Census. The number of reports received under different subjects was as follows: Economics takes the lead with 132 entries (compared to 179 in the last Census). The second place was taken by Political Science and Public Administration with 69 entries (compared to Commerce and Business Administration with 60 entries last year). The third place was taken by History with 50 items. The fourth place went to Psychology with 38 entries and Commerce and Business Administration went down from last years second to fifth place with 31 entries. The figures for the remaining subjects were: Agriculture 29, Anthropology 20, Education 13, Sociology 12, Linguistics 9, Law 8, Social Work 4, Interdisciplinary research 3, Adult Education and Geography 2 each. There was no entry in Demography this year although there were 15 last year. The state-wise distribution of

research recorded was rather uneven. While there were 192 entries from Tamil Nadu, Andhra had 91 entries, Karnataka 79 and Kerala 60, a big increase from last year's 24. Out of the total 422 entries 244 lead to Ph.D. theses and 98 to M.Phil dissertations. General research not leading to any degree has 80 entries.

The result of the Census were published in the May/June issue of the Bulletin. Copies of the Census report were sent to participating institutions and to Vice-Chancellors of all the Southern Universities.

Fourteenth Interdisciplinary Research Methodology Workshop

The Fourteenth Interdisciplinary Research Methodology Workshop organised by the Institute in collaboration with the Indian Council of Social Science Research was held at the ICSA Conference Centre, Madras from June 6 to 9. It was attended by 26 participants from 10 universities, 2 colleges and 3 research institutes in the Southern States. The participants belonged to the following disciplines: Commerce, Economics, Education, English Literature, Geography, Philosophy, Political Science, Psychology and Sociology.

For the second year in succession the main theme of the Workshop was *"Urban Problems"*. The following papers were specially prepared for the Workshop:

- Urbanisation in Kerala by C. M. Abraham (Bharathiar University, Coimbatore)
- Urbanisation and Educational Growth—Some Reflections on the Indian experience by N. Jayaram (Bangalore University, Bangalore)
- Migration into Urban Areas: Some Issues by S. Majumdar (Madras Institute of Development Studies, Madras)
- The City in Literature—A Case Study of Calcutta by Ms. Meenakshi Mukherjee (University of Hyderabad, Hyderabad)
- Spatial Aspects of Urban Systems: Cases from Karnataka by P. D. Mahadev (University of Mysore, Mysore) & T. Vasantha Kumaran (University of Madras, Madras)
- Visakapatnam & Vijayawada: A study in Contrasting Patterns of Urban Influence on surrounding rural areas by C. R. Prasada Rao & C. Chakrapani (Andhra University, Waltair)

- Urban Politics: Class or Ethinicity by B. A. V. Sharma (Osmania University, Hyderabad)
- Review of Urban Policy by Waheddudin Khan (Centre for Social and Economic Studies, Hyderabad)

Library

Between July 1983 and June 1984, 2,206 volumes were added to the Library. It received now 196 journals which include journals on subscription, exchange and complimentary basis.

The MIDS Library is one of the Depository Libraries for the World Bank publications. Under this scheme the World Bank will send all its publications (published by them as well as by other publishers for them) to the Library.

The Library has received from the U. S. Library of Congress, New Delhi, 18 Working Papers and 2 publications of MIDS in microfische form in return for copies of these publications given to them.

The Library has brought out a catalogue of its holdings (only books) till the end of December 1982 and also the library brochure.

The Library continues to bring out the monthly list of additions to the library and list of articles from the journals received. Consultancy service is provided for researchers and scholars of other institutions and a number of scholars of other institutes have made use of the library

The Library Committee in which all members of the Institute take turns to serve have been meeting regularly almost once a fortnight and continues to guide the Librarian in procuring books and periodicals and in matters relating to the use of library materials.

Finance

For the year 1983-84 (April 1, 1983 to March 31, 1984) the ICSSR sanctioned and released a total grant of Rs. 5.00 lakhs (consisting of Rs. 4.20 lakhs recurring under Non Plan, Rs. 0 50 lakh recurring under Plan and Rs. 0.30 lakh non-recurring). The State Government has sanctioned only Rs. 4.00 lakhs towards recurring grant which has also been released in full. Additional sanction for Rs. 0.70 lakh under recurring grant and Rs. 0.30 lakh under non-recurring is still awaited from the Government of Tamil Nadu. A sum of Rs. 0.45 lakh being the final balance for

Academic Building Construction is also due from the Government of Tamil Nadu. The matter is in correspondence with the PWD authorities for issue of necessary completion cum evaluation certificate. On receipt of this it is expected that the Government would release the final balance of Rs. 0.45 lakh. (Financial Statements for 1983-84 are in *Appendix V*)

Visitors

Many distinguished scholars and public figures visited the Institute. Special mention must be made of the 14—member delegation of the Chinese Academy of Social Sciences which visited the Institute in January 1984. The delegation was headed by Mr. Ma Hong, President of the Academy and included Mr. Quian Junrui, a former Minister of culture and Mr. Ding Weizhi, Editor—in—Chief of the Journal, *Social Sciences in China*. The members of the Institute extended a warm welcome to the delegation and had some discussions with them about development issues in China. (*see Appendix VI*)

Review and Perspective

1983-84 was an active year in the Institute. The research output of the Institute during the period has consisted of 15 Working Papers, 1 in the Popular Series, 1 in the Occasional Papers and an Interns Report. 7 chapters meant for the proposed book on "The Tamil Nadu Economy" have also been received in draft form. Apart from these, faculty members have produced seminar papers and project reports, which have not come out as publications of the Institute. Faculty members have also contributed papers and notes to professional journals, both national and international. Some members of the faculty are completing major pieces of research which may be expected to yield papers or monographs during the course of the coming year.

Both faculty members and Ph.D. scholars have made systematic attempts to evolve necessary procedures to ensure satisfactory performance by individual members. Special mention must be made of the external evaluation scheme providing for peer evaluation of the work of each faculty member once in 3 years which was drawn up by the entire faculty. It has been a very bold decision of the faculty to subject themselves to periodic external evaluation and in this the Institute may be setting an unusual, but welcome precedent. The Ph.D. scholars have also drawn up guidelines for the Ph.D. programme

providing for regular written work by scholars, periodic seminars and continuing interaction between scholars and guides. The Academic Council of the Institute has played a very positive role in systematising the work of the academic personnel of the Institute.

The somewhat disappointing aspect of this year's work has been the delay in getting all the chapters meant for the book on "The Tamil Nadu Economy". When the project was taken up, it was expected that drafts of all chapters would be available by March 1984. When a review was made early in 1984, it was reported that there had been some delay in getting the drafts and the hope was expressed that all drafts might become available by May 1984. The present indications are that the drafts of the individual chapters would be ready only by end of 1984. Inspite of this delay, there is no doubt that the project has provided a stimulus for work and an opportunity for the members of the Institute to interact with one another on a common academic issue. The work on the book will continue to be the main corporate effort of the Institute in 1984-85 also. The resurvey of the Slater Villages will be completed in 1984-85 and a book based on the series of studies may also take shape during the period. Another major study from which output can be expected in 1984-85 is the one relating to official policy towards backward classes from mid nineteenth century. One phase of the study of Trade and Markets will be over during the coming year. The work on the Food Economy of Tamil Nadu and on Occupational and Employment aspects in the State from the beginning of the twentieth century may also be expected to result in written material. The research project on the Sivakasi Match Industry will be completed early in 1985.

In October the Institute will be hosting the Third National Workshop of Economists interested in Women's Issues. The Institute has also agreed to collaborate with the Rajaji Institute of Public Affairs and Administration and the Institute for Social and Economic Change, Bangalore for a national seminar on "Decentralised Planning" to be held in Bangalore in November. The ICSSR's Visiting Committee may be coming to the Institute before the end of 1984. If all these programmes go according to schedule, 1984-85 may also be expected to be a busy and productive year for the Institute.

APPENDIX I

Members of the Governing Council*

Chairman	Dr. Malcolm S. Adiseshiah*
Representatives of the Government of Tamil Nadu	Mr. C. Ramachandran*, I.A.S., Commissioner and Secretary, Finance Department, Govt. of Tamil Nadu, Fort St. George, Madras-600 009.
